Dear Parents/Guardians

ASSUMPTION COLLEGE TRANSITION PROGRAM

At Assumption College, we recognise that the transition from primary school to secondary school is an exciting and vitally important time in the lives of students and their families. To help make this move from primary to secondary school smoother and less daunting, we have developed a comprehensive transition program. The purpose of this transition program is to enable students to become immersed in and familiar with the secondary school environment, experience new subjects and lesson changes, and help ease students into their secondary studies.

Transition Afternoons at Assumption College are not only for our new students. We would like to take this opportunity to also invite parents to the College to join us for a welcome afternoon tea and a parent information session. This will be an opportunity for us to provide valuable information to parents/guardians on the transition to secondary school, and to answer any questions you may have in regards to your child commencing at Assumption College. Interactive games with Assumption College's student leaders will be run while the Parent Information Session is in progress.

Our Transition Afternoons are open to all Year 6 students from any primary schools who would like to come and experience Assumption College for an afternoon. Our first Transition Afternoon will be held on **Tuesday, 20 June 2023**, followed by our second Transition Afternoon on **Thursday, 31 August 2023**. A full day Orientation Program will then be held on **Wednesday, 22 November 2023** for all students enrolled for 2024.

The program for our Transition Afternoons will begin at 12:00pm, when students will be welcomed and allocated into respective groups. The program details are as follows:
